Christmas is almost here, after Thanks Giving, and there shall be a lot of Christmas specials and movies. Mostly T.V. programs have this to go in with a theme like any other holiday. Also people make new Christmas specials and movies to kick up their ratings. Some of the specials and movies are entertaining and one that I like is "The Santa Clause." "The Santa Clause" is about a father and his son and the boy's father accidentally made Santa Clause fall off their roof. So you should watch that movie. It is very good. So Christmas specials and movies are very entertaining and can bring families together for the holiday. The Christmas specials and movies will also give you that Christmas joy. So specials and movies mostly have a chance to pop up on T.V. programs.

cause children loved Christmas. Last but not least the Grinch hated Christmas because the families sang Christmas songs and did other things, but the Grinch didn't like those things that's why he hated Christmas. My third reason was about how the Grinch felt when he could not get all the presents from all the houses in one night. The Grinch felt mad when he couldn't get all of the things and presents in one night. The Grinch went back home where he lived and he threw all his plans in the trash and tried to make up some more. He found a plan that he had written and was going to try it, but when he got on his sled he fell off. The Grinch fell off the sled, but his dog was still pulling the sled. The Grinch got up and he had an angry face on, and stomped away. Thank you for letting me write this story.

My favorite entertainment at Christmas time is to prepare for the holiday. At home, I love to dance to my radio. My favorite Christmas song is "Jingle Bell Rock." I turn the radio on so loud that my neighbors can hear it. The next holiday entertainment is the present excitement. Each year we wrap our family presents together. Early Christmas morning, we open our presents. I feel so excited because it's a huge surprise for everyone. I can't wait to see my mom's face when she opens her present that my dad and I got her this year. What would be Christmas without decorations? I just love to decorate the house. I use Christmas lights of all different colors. The lights shine colors of blue, red, green, and orange. My tree is also decorated spectacularly. I hang special ornaments from the top to the bottom of the tree. The tree is complete only when I hang the little angel ornament holding her bible. When I prepare for the holiday it is always entertaining from the music to the presents under the tree.

## QUIZ

- Who attends the Linking Arms program?  
A. Keiarra      B. Paulina      C. Nylah
- Salads are healthy because they're made with  
A. Apples      B. Cherries      C. Vegetables

I want to write about my favorite Christmas movie. My favorite Christmas movie is, "How the Grinch Stole Christmas." I like this movie because in the movie the Grinch is making up plans on how he is going to still Christmas. I would not like to steal Christmas, but I would like to have a lot of presents. I also would like to share with others and not have all of the presents to myself. The last thing I would not like to do is be the boss of everyone and everything. My first reason why I wrote about my favorite movie is because the Grinch tried to still Christmas. The Grinch was trying to steal Christmas because he hated Christmas and he was selfish and also wanted everything to himself. I did not like how the Grinch was taking things just for himself. Also the Grinch thought everything had to be his way and things had to be the way he wanted them to be. The Grinch also had to be the boss of everything. If he wasn't he didn't care for you anymore or he either planned to do a trick on you or he lied. My second reason was the Grinch hated Christmas because he hated children be-

Riiiiip! My favorite entertainments to do at Christmas time are to decorate the Christmas tree, listen to Christmas carolers, and unwrap presents. We love to decorate the Christmas tree all different colors like green, red, yellow, orange, white, pink, and blue. Another thing we do is go around caroling or wait for carolers to come to our place. The last thing we do is open all of our presents. I love to play with all my presents. These are all my favorite entertainments at Christmas time.
