Whoo hoo! I'm glad it's summer so I get to slide down the biggest water slide. To begin with, the bell was almost ready to ring. We all chanted, "summer, summer, summer." Then ring ring! We all threw up our books and ran out the door. I and my friend were crying. Then we got off the bus and my mommy was waiting at the door ready to go swimming. We knew we were going to Waterville. My mom had to wait on my brother. Hold on, it gets better, and then every body said, "let's go." Then I just stayed up until it was time to get out. We were only one mile away. First, we stopped by McDonalds to get some burgers. Man, I was going to turn into a missile and lift off because I thought it was too late. So I had no choice but to go to sleep. Thirty minutes passed, next thing you know I'm there at Waterville. Then it will cost you forty dollars to get in. My heart dropped when we went in. I had to go to the kiddy section. After that we

went in the wave pool. When the siren goes off, that means the waves are coming. I got knocked over a couple of times. Then we went to a slide called the black widow. It was named after a spider.

Wow! I love to go to Sam's Fun City every day after school. It is fun. Let me tell you my three reasons why I like to go to Sam's Fun City. My first reason is that I like to go on the fastest water slide ever. My second is that I like to go on the go karts. My third reason is that I meet new friends. I like to go to Sam's Fun City because they have the fastest water slide in the history of water slides. Their water slide goes like 100 mph. I love to go to Sam's Fun City after school because I get to go on the go karts. They go fast as a 180 mile race car and when I am done
